## EXECUTIVE RISK D&O CAPACITY EXPANDED TO MEET MARKET DEMAND

July 11<sup>th</sup>, 2008

Good morning.

To meet the current Canadian broker and client market demand for these products and domestic capacity, ERIS is pleased to announce that our in-house capacity and authority for Canadian listed accounts, has increased to \$40m CAD/USD across all D&O products-combining primary, excess and Side A DIC limits. The capacity is provided through three Lloyds' syndicates.

On May 28<sup>th</sup> of this year we launched our ERIS Side A Difference in Conditions (DIC) and our ERIS "TRUE" Follow Form Excess D&O policy. With the launch of these two new products, Executive Risk Insurance Services (*ERIS*) further demonstrated its position as the preeminent provider of innovative financial lines products in Canada. Increased capacity will allow us to meet the increased demand.

For your information, Lloyds of London continues to be rated A+ 'Strong-Stable' by Standard & Poors and Fitch Ratings, and A 'Excellent' by A.M. Best. All these ratings have a 'Stable' outlook. (see [www.lloyds.com](http://www.lloyds.com) )

ERIS service standards far exceed the general market. We strive to move beyond the commodity product approach and provide quality, well-rated products which deliver superior coverage and pricing for well-governed and managed risks. We appreciate every opportunity presented to us to compete for your business. Thank you.

I personally hope that you are enjoying your summer!

Best regards,

A handwritten signature in blue ink, appearing to read "Scott Saddington", is written over a light blue dotted background.

Scott

PS. For more information on ERIS and how we might assist you or your Financial Lines clients, please visit our website at [www.exeurisk.com](http://www.exeurisk.com) or contact one our Executive Risk team members directly:
